

November 30, 2020

Dear Sister Pavlina,

Heartfelt greetings with the love of the Lord!

Today is another day to declare the goodness of the Lord in my life. I've been blessed with a good job at KMMSI, good disposition towards our new normal status of teaching and good health to do my job effectively as a Grade 3 teacher of our school. I believe that these are the derivation if we have a strong faith to our God.

It's true to all that this pandemic we are facing nowadays is so much challenging to everyone around the globe. We all knew that COVID-19 had brought chaos and sorrow but let us not forget that our God is much greater than anything that causes misery.

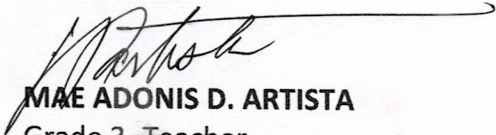

Status of the learning in this new normal comes with a big responsibility as to how prepared and determined we are to take part. It is somehow difficult to say that my students are very well equipped with the basic 3 R's as of this moment, due to our "No face to face" mandate by the IATF in order to prevent the spread of virus. Although there was a restriction given but I still visited some of my students' residences, especially on the first week of the class SY 2020 in order to make a partial assessment and evaluation as to what level of learning they have, their level of needs towards education and what kind of approach I must apply to make the learning effective even though we proposed to have a Modular Distance Learning.

I am a teacher, and as a part of the community, I have to do my part no matter how small or risky or confusing the plans I have in order to deliver to the students the best and quality learning during this pandemic. My way of monitoring and evaluating on the level of learning of my students is maybe limited but I always make sure that my students are cooperating in the modular activities which I had prepared on a weekly basis, provided that the essential subjects like Values Education, English, Science, Mathematics, Filipino, and Araling Panlipunan are discussed through modules and activity sheets are submitted by the students/parents with a complete answers on it. In that way, I can have my partial assessment that their quality learning is not hampered despite this pandemic.

My utmost gratitude and respect to the sponsor of this mission, Sister Pavlina, for bearing a good quality as a Christian and for making a wonderful impression which serves as an inspiration to me to give love and dignity in everything that I do as I worked in this institution.

Thank you very much for the continued support. God bless you always.

Respectfully,

MAE ADONIS D. ARTISTA
Grade 3- Teacher
